

Tours of the Embassy of France

Thank you for your interest in touring the Embassy of France in the United States. So that we may provide the best possible experience to your group, please read the following features of a standard Embassy tour. The standard tour of the Embassy of France lasts one hour, start-to-finish.

Visitors are led through each of the Embassy's four main buildings and are accompanied by a guide from the Embassy's press and communication staff. The duration of the walking tour is approximately 30 minutes and is followed by a video presentation of the Embassy, which features remarks from the Ambassador of France, and a question-and-answer session of approximately 30 minutes. This session often features, but cannot guarantee, the participation of a French diplomat. Seating is provided during the question-and-answer session. The embassy tour is therefore conducted as follows:

- **30 minutes: arrival/guided walking tour of embassy grounds**
- **30 minutes: video presentation and seated question-and-answer session/departure**

Due to the busy nature of the Embassy's operations, time cannot be added to the start or end of tours. Tardy groups may experience shortened tours as may be necessary for the Embassy's scheduling and logistical needs. Groups are strongly encouraged to make all appropriate arrangements to ensure punctual arrival for their tour.

Visitors wishing to arrange a French lunch at the cafeteria as part of their Embassy tour may do so by letting know the tour organizer. Lunch-only visits are not possible.
